Resort Info

Sun Peaks was created as a mountain playground resort. Three mountains, lots of powder, and excellent grooming, come together to create a wonderful ski week. The interior of British Columbia is known throughout the world for its light and dry powder. Be here on a powder day to discover what the ski/ride term 'blower' truly means. Enjoy the variety of terrain that our ski resort has to offer: two alpine bowls, cruising blue runs throughout the entire ski area,

steep and deep off the Top of the World, and gladed stashes loaded up with powder. Three mountains give you access to chairlifts, hotels, eateries, shopping, sports school, the spa, and a variety of activities. Green, blue, and black runs can be accessed from the top of every chairlift allowing everyone to choose their favourite run, and meet back at the bottom of the chairlift. Most trails lead right into the village, so it is easy to meet your friends and family after a run. Total 4,200 skiable acres on three mountains, with 126 runs that include 14 gladed areas.
