

## W6 Killington, VT

### Downhill Ski and Snowboard Trip

Members will enjoy our return to Killington. Killington is a huge resort that will blow you away with so many trails and ski options during the week that it will be hard to do them all. Condo accommodation has helped keep costs reasonable in spite of the USD exchange rate. The date of the trip is the peak of the ski season and conditions should be ideal at Killington with all runs totally open. A combination of high elevation, lots of natural snowfall, and comprehensive snowmaking (71%) provides good conditions from early November until early May. At least 50% of the runs are groomed nightly, and several are left alone for mogul enthusiasts. Expert skiers may even try the infamous double black "Outer Limits" run. We have HPSC instructors to guide us around this expansive resort. Killington is one of Vermont's great skiing mountains and the largest resort in the East.

This has been an HPSC favourite which offers exceptional value, great camaraderie and superb skiing. For those who have not been to Killington before, you should take advantage of the price we've been able to obtain for a full week of skiing. For those who have been to Killington and want to return again this season, be forewarned that this trip will sell out quickly.

## What you should know and fine print

### Value Trip

Right up front we want you to regard this as a value trip. In spite of the USD exchange rate, we have secured a great rate for the accommodations which are in 1970's style condos. The skiing is fabulous here but there could be "variety" around the quality of each condominium unit because they are owned and furnished by individual owners. Some units will be very well-appointed while other units will be of lesser finish with older decor. It is luck of the draw as to which unit a member will get. In previous years we have stayed in Killington condos and found them all to be quite functional. Some condos had been fully renovated with stainless steel appliances, granite counters, fine hardwood & tile floors, beautiful bathrooms, new furnishings, etc. But if you don't get one of these units and are okay with a 1970's style condo, this is a great deal unlikely to be repeated. We have also offered the option of a double occupancy room in the Killington Grand Resort Hotel located at the base. The difference in staying in the hotel is that you won't have the availability of cooking facilities but will purchase all your meals at a restaurant.

### Passport / Travel Documents

A valid passport is required for this US destination. A Visa may also be required if you are not a Canadian or US citizen. It is your responsibility to have proper travel documents on your person before the trip departs. With the advent of recreational cannabis in Canada, you must meet customs regulations outside of Canada when traveling with the club. Anyone who is not admitted to the United States will have to provide their own return transportation from the border.

### Optional Travel Insurance

For overnight bus trips, members are responsible for arranging their own trip cancellation insurance and medical insurance. On USA trips, Out-of-Country health coverage in case of sickness or injury is **strongly recommended**. Insurance can be purchased from a number of Toronto sources. Some credit cards also provide coverage but check carefully that it will apply to your trip. All insurance claims must be made by the member to their own insurance company.
